ROOMS

Ever-changing catwalk culture was a partial influencer of materials chosen for rooms and suites including the antique gold wingback headboard, wardrobe doors curtained in luxurious hound's-tooth fabric and velvety red leaves embossed on the high-end wallpaper. Black and white or blue checkered tile patterns of the bathroom were introduced to give an eclectic edge yet to retain that retrospective Victorian look. Playful pugs depicted on the tapestry cushions is a symbolic detail of the hotel embodying Queen Victoria's passion for pugs as well as her inspirational style.

Whether you are travelling for business or leisure, with a choice of the Junior Suites, Deluxe, Superior, Classic Balcony and Classic Rooms, you will be sure to find the most suitable choice of your accommodation.
