

# ROSEWOOD SAN MIGUEL DE ALLENDE® RESIDENCES

A SENSE *of* DISCOVERY. A SENSE *of* PLACE

*The colonial luxury of the iconic Rosewood San Miguel de Allende extends from their traditional rooms to its collection of Residences, offering guests a supreme level of opulence and privacy designed to enjoy a long-term vacation or a weekend in spacious surroundings that reflect the history and architecture of the destination that hosts them.*

*Each residence is unique in its layout, design, and decoration, even though they all preserve the same colonial style and consider in every detail the colors and allure of this historical destination, a World Heritage Site. Decorative elements include local quarries and wood, refined furniture made by Mexican artisans, and masterpieces of art and antiques that are reflections of both traditional and contemporary Mexico. For their convenience, guests of the Residences can request exclusive privileges, ranging from pre-arrival provisioning, private chef and 24-hour butler service, to the arrangement of an intimate dinner on the terrace of their residence. Besides, they have at their disposal all the amenities and services of the hotel, such as swimming pools, 1826 RESTAURANT AND BAR, LUNA ROOFTOP TAPAS BAR and the renowned SENSE, A ROSEWOOD® SPA.*

The 9 Private Residences are arranged along a cobblestone path with lanterns and wrought iron quarry balconies, resembling the picturesque streets of San Miguel de Allende

Each property has between 420 and 750 square meters in area.

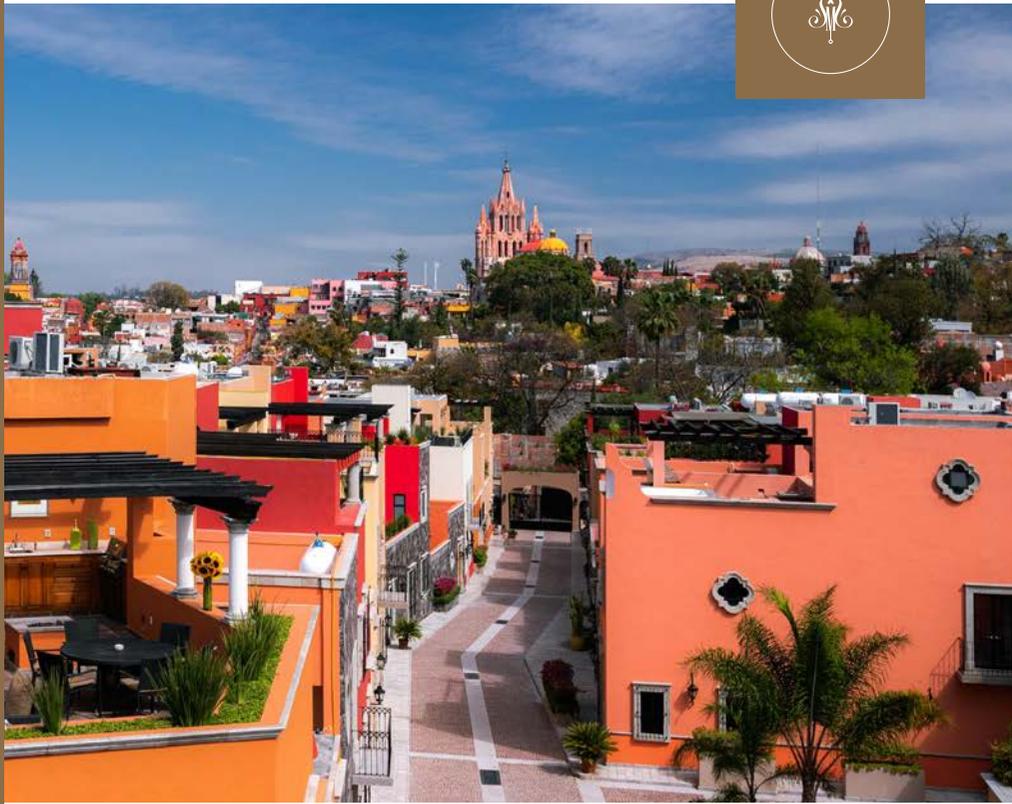

They feature 2, 4 and 5 bedrooms, marble bathrooms and walk-in closets, ample living areas, patios, garden, kitchen with Viking® equipment, elevator (*except for the 2 bedroom ones*), private underground parking and terrace on the top floor with a barbecue, fireplace, jacuzzi and spectacular views of the town centre.
