Beach House St. Barth & Bar  
Mélangé

A photograph of a tropical garden path. The path is made of light-colored wooden planks and winds through a lush landscape. On the left, there are large, vibrant green plants with broad leaves. Several tall palm trees with long, feathery fronds are scattered throughout the scene. In the background, a building with light blue horizontal siding is partially visible. The sky is a clear, bright blue. The overall atmosphere is bright and sunny.
